

Children's Ministry resources from Cape Town 2010.

The time in Cape Town was rich in so many ways! Here is some feedback and links concerning the children's ministry team content.

We are grateful for all the prayers as the Children's Team (members from GCF, 4/14 and Viva) worked together to prepare several sessions on ministry with children at the Lausanne Congress. There was a wonderful unity of spirit and message in the team and many people were encouraged and challenged at the various sessions.

Two of the sessions posted to the Lausanne Global Conversation website:

- The 15 minute Plenary presentation - <http://conversation.lausanne.org/en/conversations/detail/11563>
- The Multiplex presentations (in three sections) - <http://conversation.lausanne.org/en/conversations/detail/11619>, <http://conversation.lausanne.org/en/conversations/detail/11620>, <http://conversation.lausanne.org/en/conversations/detail/11621> (Note: These are just the presentation parts of the Multiplex. The participative sections have not been included.)

The PowerPoints and some of the notes from all the sessions have now been posted on the 2fish5bread and Max7 websites.

Also on the 2fish5bread and Max7 websites is the new advocacy video produced for the Congress and shown in the Plenary and Multiplex. The title is **TODAY** and it shows the place of children in God's plan through the ages and today. It is free to download and use. We encourage others to spread it around!
