## What We Do

**CONNECT for common purpose** ▪ As the major evangelical movement in Europe the EEA is connected to the grassroots through its representative structure bringing together National Evangelical Alliances of individuals, churches and NGOs, European ministries and initiatives for greater strategic impact.

**EQUIP for integral mission** ▪ Through its networks and initiatives, the EEA serves its members in areas of key issues and makes available expertise.

**REPRESENT with a united voice** ▪ The EEA is a representative voice: advancing biblical belief, addressing public concerns and advocating for justice at the European level.
